

**SAI SEVA SANGH
QUARTERLY REPORT
JULY – SEPTEMBER 2020**

Highlights of Q2 (July-Aug-Sept'20)

I INITIATIVES

Online Sessions: Online sessions have started in the month of June for 10th grade, July for 8th and 9th grades and August for grades 3rd to 7th.

Staff meetings: The staff meetings were held and discussed on measures to be taken when the school reopens. Discussed roles and responsibilities of Internal complaints committee (ICC) and Child grievance and Safety committee to implement POSH and CP&S policy. Delegated the committee's work to the concerned staff. Discussed to put emphasis on teaching moral values, Sathya Sai teachings along with academics to build students mental and emotional strength. This would help them to face challenges in unforeseen situations. Regular staff meetings were conducted bi-weekly to discuss the challenges.

II PILOTS

ConveGenius – Whatsapp based learning model was piloted. Grades of 7, 8, 9 and 10 are using it.

1. TMF training –
 - a. All teachers trained by L & D team covering topics like Google Meet, Forms, creating effective worksheets and editing videos.
 - b. Training session on Project management system was provided.
2. LIFE Intervention -
 - a. Online Training Programs for all teachers from grades 1- 10 (General Capacity trainings & Online learning and teaching Methodologies). Training programs were assigned to all teachers on Evalbrix platform.
 - i. Trainings included- Integrity & Ethics
 - ii. Metacognition
 - iii. Class room Management
 - iv. Understanding Online Learning & Teaching Methodologies
 - b. Teacher Orientation for grades 1 - 5 on LIFE Curriculum Program & Implementation (2 day Online Training on the curriculum, implementation & Technology Platform).
 - c. Grades 1-5 teachers training for conducting online classes effectively.

- e. Teacher Orientation on LIFE Skills Program- Grades 6- 10.
- f. Plans have been assigned for 3 weeks since the online classes were started in Aug Week 3.
- g. All Lesson Plans created to make it suitable for online teaching.
- h. An app has been given to each teacher for Classes 1-5 for easy access to plans and conduct of classes.

III EVENTS

1. Independence Day – Filled with pride and saluting our National flag, we celebrated Swadheentha divas with hostel students on 15th August.

2. Teachers Day – Teachers day was celebrated on 5th September, paying respects to the great teacher Dr. Sarvepalli Radhakrishna, appreciating and recognizing teachers for all their hard work and contribution to the school. Also, distributed medical kits to about 20 elderly people.

3. COVID Relief – With TMF support, distributed dry ration to the needy familiein the months of June, July, August and September.

4. Engaging parents ongoingly since the beginning of the academic year proved to be quite positive viz., checking on their well-being due to covid, distribution of provisions, counselling of parents for online classes, making them part of their child's education like addressing any challenges in completing the home works or absenteeism of students etc.

5. Textbooks were distributed to students of all grades.

6. Consent letter was taken from parents so that their child can come to school to clarify any doubts with the teachers.

7. Assessments were conducted and teachers monitored the students through zoom meetings.

8. All the answer papers were posted in Whatsapp by students at the end of the assessments.

IV ONGOING ACTIVITIES

1. Continuous engagement with parents in the new mode of online teaching thus helping building rapport and making them part of their child's learning.
2. Continuously Motivating students to attend online classes
3. Worksheets and external learning content created for solving more than text book limitations
4. Continuous training/mentoring of teachers to enable them to explore creative ways of teaching

5. One to one meeting being ongoingly conducted for effective implementation
6. Continuous working around the old practices and transform them to adopt new mode of LIFE programs.
7. Continue Planning and effective management of content and time.
8. Pedagogymodels to understand different learning styles and challenges through mentoring of teachers.
